In response to Applicant's request about withdrawal of Final rejection based on priority claim on Continuation- in-Part back to 6/16/1989. Examiner does not withdraw the final rejection unless Applicant filed Continuation. Moreover, Applicant believes that it is not required to provide evidence of the continuation back to June 16, 1989 in order to claim priority on the application.

Examiner still maintains 112 second paragraph rejection on claims 19-23 eventhough there is only one mobile receiver. However, Applicant is required to amend claim 19 to comply with the preferences of Examiner in terms of wording.
